

## High Risk Operator Course Basra, Iraq

We will have a special High Risk Operator course in Iraq, Basra. A rapid, full adrenalin, shooting, driving, breaching, door kicking contractor training. Seven days completely on the range, CQB, hand to hand, armed, knife-disarming-fight techniques, force on force training, convoy routines with B6 armored vehicles, top military class real contractor course with live surveillance and a LIVE task in Basra! With experienced, ex-Mil SF instructors and in a real ops base in Basra. Candidates need to be experienced ones. No beginners allowed.

In addition to ex-Mil SF instructors, special forces trainers are also training the team. There will be no techniques learned, heard from others, but solutions and drills that have been tested in real life and are based on real experience. The main target of this unique training is to prepare military / law enforcement individuals and security personnel for protective operations in a hostile environment (Africa, Central/Southern America, Middle East, Asia). The training will provide maximum of realistic scenarios created by international security experts and will enable its participants to acquaint themselves with different types of weapon or equipment indispensable in high risk countries. At the end of the course a live mission in Basra!

### What we ask for:

- registration form completed and signed (attached below)
- copy of passport
- CV
- Clean Criminal record
- payment of the course and sending proof of this.

As places are limited due to the nature and location of the training, there is an order of arrival, the place is provided by the person who arranges the documentation and payment of the deposit earlier. The first 5 will have an extra award!

Participants will receive a diploma, a reference from Iraqi security company for high-performance providers. This is a really unique chance. Training and work related reference letter. Below is the full description. Representatives from several Iraqi security companies will be on training. All participants will have the opportunity to participate in interviews. The best ones may get a chance from the companies.

Anyone who registers sooner will join the international team.
